01. About Us.

Who we are?

Founded in 2022, **H&H Internacional** is a dynamic and innovative Mozambican company, specializing in Customs Clearance, Business Consulting, National and International Logistics and Freight Transportation.

Headquartered in Nacala Porto with strategically located branches in Maputo, Beira, and Nampula, we are a reliable partner for businesses in need of tailored and efficient solutions for managing their commercial operations, both domestically and internationally.

We operate with a highly skilled, multidisciplinary team capable of swiftly and precisely addressing the logistical and regulatory challenges of international trade.

02. Our Guidelines.

Principles that drive us.

Mission

To provide integrated and efficient services in customs clearance, consultancy, and logistics, fostering the sustainable growth of our clients.

Vision

To be a leading reference in customs and logistics solutions in Mozambique and the SADC region.

Values

Trust, Integrity, Efficiency
Innovation, Customer
Commitment

03. **Solutions** we offer.

H&H Internacional offers a range of specialized services covering key areas of international trade and logistics, with the goal of facilitating the operations and expansion of our clients' businesses.

3.1. Customs Clearance | **3.2. Business Consultancy** | **3.3. Logistics & Transport**

3.4. Consolidated Cargo | **3.5. Purchasing Advisory in China**

03. Our Services.

3.1. Customs Clearance.

We ensure smooth and compliant customs operations for both imports and exports, handling all necessary documentation, tariff classifications and coordination with customs authorities.

- **01. Import and export processing**

End-to-end support for customs procedures, ensuring full regulatory compliance.

- **02. Tariff classification and cargo release**

Accurate product classification and follow-up to expedite cargo release.

- **03. On-site cargo monitoring at ports and airports**

Dedicated personnel to supervise and ensure cargo safety during critical transit points.

03. **Our Services.**

3.2. Business Consulting.

We offer specialized consulting services to help businesses navigate legal, administrative, and strategic challenges, ensuring they are properly registered, compliant with national regulations, and positioned for sustainable growth.

- **01. Company registration and legalization**

Guidance through the legal setup and licensing process in Mozambique.

- **02. Strategic planning and document management**

Support for business planning and streamlined handling of corporate documentation.

- **03. Regulatory and tax advisory**

Expert insights on local and international regulations to optimize compliance and taxation.

03. Our Services.

3.3. Logistics & Transport.

Our logistics services are designed to optimize the movement of goods across borders and within the country, combining flexibility, efficiency and reliability. We manage all aspects of transportation, warehousing and cargo distribution.

- **01. Road and multimodal transport**

Integrated transport solutions using road, sea and air as needed for each route.

- **02. Coordination of domestic and international freight**

End-to-end logistics coordination to ensure safe and timely delivery.

- **03. Warehousing and distribution**

Storage solutions and last-mile delivery tailored to each client's supply chain.

03. Our Services.

3.4. Consolidated Cargo.

We provide consolidated cargo solutions that allow clients to group multiple shipments into a single container, reducing logistics costs. This service is ideal for businesses with smaller cargo volumes looking for a reliable and economical shipping method.

- **Efficient cargo grouping** to maximize space and minimize freight costs.
- **Flexible scheduling** and cargo tracking.
- **Coordination with multiple suppliers** and destinations.

03

03. Our Services.

3.5. Purchasing advisory in China.

Through our strong network of partners in China, we offer procurement advisory services to assist clients in sourcing reliable suppliers, negotiating prices and managing the logistics of purchased goods.

- **Supplier identification and verification.**
- **Price negotiation and purchase coordination.**
- **Logistics and documentation support for imports.**

03

04. Clients & Partners.

We proudly serve small, medium and large companies across sectors such as trade industry, construction, and distribution.

Our client and partners base includes both national and international businesses.
